

## Turf care equipment hire

It is our pleasure to introduce you to our fleet of turf care equipment for rental whether on a short term hire or an extended contract hire agreement. Boughton have the very best range of equipment to offer you.

### Why hire from Boughton?

The benefits are clear, as suppliers of some of the leading franchises in turf care machinery we can provide our hire customers with the very latest in machines from Massey Ferguson, Charterhouse, Ryetec, Blec, Campey and TYM. Excellent parts back up from these manufacturers gives you the piece of mind that down time will be kept to minimum. In the unlikely event that a machine is down for an unacceptable period then we will endeavour to replace it. Staff at Boughton have been involved with Grounds maintenance equipment for over 20 years and bring that wealth of experience to the hire operation giving our customers tailor made solutions their hire needs.

### What can Boughton offer?

Very competitive rates on all of our equipment and the longer the hire period the greater the saving. Our attractive contract hire rates are a real cost effective alternative to purchase and can be tailored to suit all requirements. Anyone wishing to purchase a machine they have on hire can do so and a percentage of the hire revenue will be offset against the purchase price of the machine. All of our machines are for sale at any time, they are sold fully serviced and many items will carry a warranty unless specified, see our used equipment web pages for full details.

## Our fleet

### Tractors

We can offer tractors 20hp to 91hp selected from the full ranges of Massey Ferguson and TYM. All of our tractors come with hydro or manual transmission and turf tyres.

### Aeration

We have charterhouse verti-drains from 1.6m greens machines to 2.1m sports machines. To compliment the line up we have 1m – 1.5m and 2m rotary decompactors from Imants and Blec.

## Spreading

Bulk spreaders are available in spinning disc and belt type drop spreaders from 1 tonne to 4 tonne and come as a trailed or mounted self propelled option.

## Grass cutting

Flails, Rotaries and scarifier collectors are all available to hire with or without tractors. We also hire the Koro Field Topmaker for fraze mowing or verti-cut scarifying.

## Landscaping

Harley power rakes are ideal for grading, levelling and stone removal. Stone buriers, power harrow/seeder combinations are all available for 20hp-70hp tractors.

## Seeding

We offer the very best range of seeders available for overseeding on all turf surfaces and bare soil seeding from Blec, Campey and Charterhouse.

## Miscellaneous

Trenchers  
Side arm flails  
Utility vehicles  
Digger loaders  
Tipping trailers  
and more.
